Stop the demolition and redevelopment scheme that will **increase housing costs** and make our affordability crisis worse.

PRIORITIZES DEVELOPERS OVER US

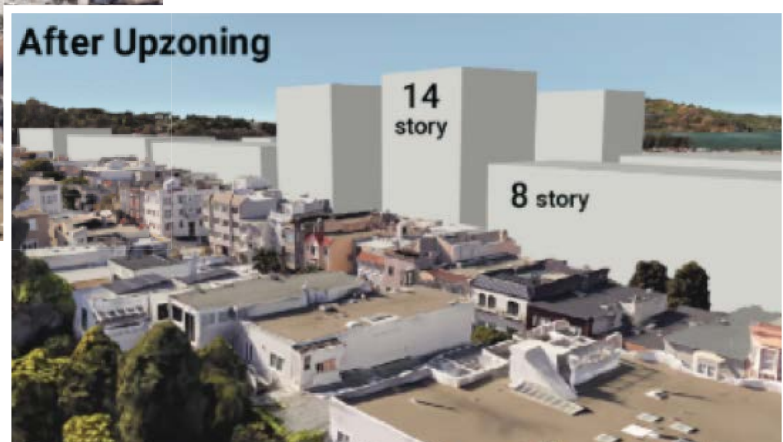

City Hall is about to vote on an extreme and unnecessary upzoning plan that erodes affordability while radically and permanently changing San Francisco. It's a perfect storm for land speculation, demolitions, evictions, and small business destruction.

DEMOLITION PLAN

- ✗ Tears down existing affordable housing for 8 to 24+ story luxury towers
- ✗ Displaces small businesses and rent-controlled tenants, ruining lives and livelihoods
- ✗ Destroys the vibrancy and scale of existing residential and commercial areas

SAVE OUR NEIGHBORHOODS

Tell Your Supervisor: Stop threatening voters by telling us to support a bad plan or you'll make it even worse. Prioritize your constituents over tech billionaires and real estate investors. Listen to your voters, not the YIMBY lobbyists!
